## Seeks an Elementary School Associate Principal

### Why We Exist

Eagle Academy students are unique. They come from low-income, challenging circumstances, and have been failed by public school systems that simply cannot invest the time and resources to address their problems. We are here to change that.

Eagle Academy exists to ensure a high-quality education is accessible to every single child. We are here to challenge the status quo that has forced underprivileged children to start the race of life a step behind. We are here to introduce our students to the possibilities of their future.

By removing the physical, mental, and emotional barriers that prevent our students from thriving in the classroom, we create an environment where they are able to focus on learning, and encouraged to work hard and dream big. We invest in our children early on, and give them the courage to invest in themselves.

### Our Philosophy

Eagle Academy Public Charter School's mission is to build the foundation for a promising future for all students in a rich, robust learning environment that fosters creativity and problem-solving abilities. We emphasize cognitive, social, and emotional growth by engaging children as active learners in an inclusive learning environment.

### Who We Serve

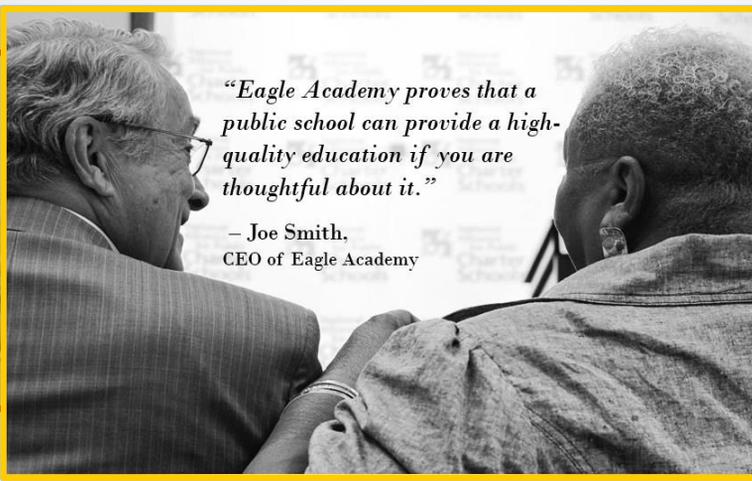

Eagle Academy Public Charter School, a culturally sensitive Early Childhood Learning Community, believes the following:

- Each classroom setting serves as a provocative learning environment.
- New discoveries are planned with intentionality for students to be independent, critical thinkers developing at their own pace.
- Students learn at high levels through hands-on, creative and imaginative learning opportunities.
- A carefully constructed bridge between school and home encourages and invites parents/guardians to be partners in the education of their child.
- Professional development, training, and reflective practices build a common language and a deeper understanding of the teaching and learning process for the faculty and lead to improved academic and social outcomes for students.
